Learning Objectives:

At the conclusion of the program, participants will be able to:

1. Discuss the impact of infant death on the family.
2. Identify risk factors and characteristics of FIMR (KC) mothers.
3. Describe the common causes of infant deaths within the FIMR (KC) ZIP codes.
4. Analyze the correlation between prematurity and infant deaths.
5. Explain the importance of teaching health care professionals and families about SIDS facts.
6. Describe safe sleep recommendations in reducing the risk of SIDS and other preventable accidental infant deaths.
7. Discuss strategies for talking with families experiencing infant death.

This educational activity has been awarded 2 contact hours.

Children's Mercy Hospitals and Clinics is an approved provider of continuing nursing education by the Missouri Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

Nurses must enter name and other requested information on the attendance roster and submit a completed evaluation form at the end of the activity in order to receive credit.

Children's Mercy Hospitals and Clinics is approved as a provider of continuing medical education by the Missouri State Medical Association which is accredited by the ACCME, to sponsor continuing medical education for physicians. Children's Mercy Hospitals and Clinics designates this education activity as meeting the criteria for a maximum of 2 AMA PRA Category 1 credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.
